MUSIC HACKDAY

Bingo Instructions and Rules

- Can't mark off a square until hack has been presented.
- Only one square per hack, even if it qualifies for multiple squares.
- Win by crossing off 5 in a row (diagonals accepted).
- Declare bingo by tweeting or messaging in IRC #mhdbingo.
- Keep playing until the prizes run out.

Tracks on a map	Gangham Style	Used Excel	Everyone calls a Twilio number	Adds feature to own product
Friday or Saturday by Rebecca Black	Accidentally built a framework	Affiliate links	We're Hiring!	Laptop audio won't play through speaker
Non-white-dude presenting hack	Audio clipping through sound system	International Executive Hack	Piecharts	Using laser-pointer with slides
Academic research project	Cowbell	Automatic music remixer	Powerpoint presentation	Unreadable text
Product pitch	Unfortunately no one used our API	Created infographic	404	Sentiment/mood analysis

See https://www.hackerleague.org/hackathons/music-hack-day-london-2013/hacks/mhd-bingo for more info about this hack.

MUSIC HACKDAY

Bingo Instructions and Rules

- Can't mark off a square until hack has been presented.
- Only one square per hack, even if it qualifies for multiple squares.
- Win by crossing off 5 in a row (diagonals accepted).
- Declare bingo by tweeting or messaging in IRC #mhdbingo.
- Keep playing until the prizes run out.

Unnecessary Twitter integration	Grid of blinking lights	Artists on a map	Unnecessary Arduino	Use of undocumented APIs
Bootstrap default theme website	Friday or Saturday by Rebecca Black	Cowbell	Non-white-dude presenting hack	Blame hack fail on API
Drinking while presenting	Laptop audio won't play through speaker	International Executive Hack	Rick rolling	You should follow me on Twitter
Sentiment/mood analysis	Product pitch	Unreadable text	Use of CouchDB/MongoDB	Demo due to error in code
Nostalgia for 80s or 90s	Party playlister	What Does the Fox Say	Blame projector fail on Linux	Powerpoint presentation

See https://www.hackerleague.org/hackathons/music-hack-day-london-2013/hacks/mhd-bingo for more info about this hack.

Kinect demo fail	Face recognition	Tracks on a map	Non-white-dude presenting hack	Non-hardware, non-browser
Academic research project	Nostalgia for 80s or 90s	Smugness about functional programming language	Piecharts	Dev mentions they're hirable
Unnecessary Arduino	Lolcat	International Executive Hack	Wearable tech	8 bit reference
Successful multiplayer demo	Microphone feedback	Affiliate links	Matlab plot	Drinking while presenting
Use of CouchDB/MongoDB	Screen resolution demo fail	Product pitch	Bitcoin	Grid of blinking lights

See https://www.hackerleague.org/hackathons/music-hack-day-london-2013/hacks/mhd-bingo for more info about this hack.

MUSIC HACKDAY

Bingo Instructions and Rules

- Can't mark off a square until hack has been presented.
- Only one square per hack, even if it qualifies for multiple squares.
- Win by crossing off 5 in a row (diagonals accepted).
- Declare bingo by tweeting or messaging in IRC #mhdbingo.
- Keep playing until the prizes run out.

Unnecessary number of APIs (5+)	Piecharts	Lolcat	Group hack where presenter doesn't mention others	Dev mentions they're hirable
Gamification	xkcd reference	Cowbell	Created infographic	Use of undocumented APIs
We're Hiring!	Bitcoin	International Executive Hack	Drinking while presenting	404
Everyone calls a Twilio number	Microphone feedback	Product pitch	Smugness about functional programming language	Tracks on a map
Blame projector fail on Linux	Automatic music remixer	Gigs on a map	Wearable tech	Bootstrap default theme website

Thanks to @plamere, @alsothings, @sydlawrence, @xhochy, @karltryggvason, @miguelpellitero, @acreature and @tilapia for their financial support towards prizes! And a big thank you to Musicmetric for printing!

MUSIC HACKDAY

Bingo Instructions and Rules

- Can't mark off a square until hack has been presented.
- Only one square per hack, even if it qualifies for multiple squares.
- Win by crossing off 5 in a row (diagonals accepted).
- Declare bingo by tweeting or messaging in IRC #mhdbingo.
- Keep playing until the prizes run out.

Using laser-pointer with slides	Use of CouchDB/ MongoDB	You should follow me on Twitter	Wearable tech	Audio clipping through sound system
xkcd reference	Unnecessary Arduino	Bitcoin	Use of undocumented APIs	Group hack where presenter doesn't mention others
Product pitch	Nostalgia for 80s or 90s	International Executive Hack	Kinect demo fail	Accidentally built a framework
Christmas theme	XML	Successful multiplayer demo	Blame projector fail on Linux	Boasting about Node.js
Drinking while presenting	Blame hack fail on API	Unreadable text	Automatic music remixer	Affiliate links

Use of undocumented APIs	Screen resolution demo fail	Product pitch	Everyone calls a Twilio number	Demo due to error in code
Use of CouchDB/MongoDB	XML	8 bit reference	Blame projector fail on Linux	Created infographic
Affiliate links	Non-white-dude pre-senting hack	International Executive Hack	Unnecessary number of APIs (5+)	What Does the Fox Say
Microphone feedback	Successful multiplayer demo	Matlab plot	Nostalgia for 80s or 90s	Academic research project
Kinect demo fail	xkcd reference	Clearly hasn't slept	Only works in Chrome Unstable	Rick rolling

See https://www.hackerleague.org/hackathons/music-hack-day-london-2013/hacks/mhd-bingo for more info about this hack.

Kinect demo fail	Used Excel	Demo due to error in code	Accidentally built a framework	Unreadable text
Non-white-dude pre-senting hack	Academic research project	What Does the Fox Say	Automatic music remixer	Unfortunately no one used our API
Cowbell	Clearly hasn't slept	International Executive Hack	Created infographic	Gigs on a map
Unnecessary number of APIs (5+)	Wearable tech	Augmented reality	Bitcoin	Adds feature to own product
404	Screen resolution demo fail	Drinking while presenting	Non-hardware, non-browser	Questionable theremin

See https://www.hackerleague.org/hackathons/music-hack-day-london-2013/hacks/mhd-bingo for more info about this hack.

MUSIC HACKDAY

Bingo Instructions and Rules

- Can't mark off a square until hack has been presented.
- Only one square per hack, even if it qualifies for multiple squares.
- Win by crossing off 5 in a row (diagonals accepted).
- Declare bingo by tweeting or messaging in IRC #mhdbingo.
- Keep playing until the prizes run out.

Unnecessary number of APIs (5+)	Lolcat	Powerpoint presentation	Smugness about functional programming language	Friday or Saturday by Rebecca Black
Finished and in app store within weekend	Face recognition	Private info accidentally shown	Blame projector fail on Linux	Clearly not done in weekend
Non-hardware, non-browser	Hack based on name alone	International Executive Hack	Only works in Chrome Unstable	Everyone calls a Twilio number
Created infographic	Bootstrap default theme website	Unnecessary Arduino	Microphone feedback	Grid of blinking lights
Wearable tech	Automatic music remixer	Use of undocumented APIs	Successful multiplayer demo	Kinect demo fail

See https://www.hackerleague.org/hackathons/music-hack-day-london-2013/hacks/mhd-bingo for more info about this hack.

Piecharts	8 bit reference	Augmented reality	Screen resolution demo fail	Unnecessary number of APIs (5+)
Successful multiplayer demo	Tracks on a map	Questionable theremin	XML	Sentiment/mood analysis
Use of undocumented APIs	We're Hiring!	International Executive Hack	What Does the Fox Say	Gigs on a map
Miley Cyrus reference	Clearly too much caffeine	Drinking while presenting	Boasting about Node.js	Wearable tech
Accidentally built a framework	Blame hack fail on API	Non-hardware, non-browser	Unnecessary Twitter integration	Microphone feedback

See https://www.hackerleague.org/hackathons/music-hack-day-london-2013/hacks/mhd-bingo for more info about this hack.
